

SRI BHARATHI ENGINEERING COLLEGE FOR WOMEN

(Approved by AICTE, New Delhi, Affiliated to Anna University, Chennai-25)

Kaikkurichi, Pudukkottai, Tamil Nadu – 622 303, India

REPORT OF THE PROGRAM

1	Program Name	Research Methodology Seminar on “Modern Technologies Adopted in Building Planning & Designing”
2	Date of program	29.04.2022
3	Resource person	Mrs.R.Revathi Proprietor, RK Construction, Thanjavur,
4	Participants	19 Students
5	Objective of program	To know the recent software and tools used for building planning and designing and how modern technologies can speed up the design process, reduce errors, and improve efficiency in building design and planning.
6	Program description	<p>The program commenced with a welcome address by Ms. R. Manju, HoD/Civil. 19 students were attended the seminar. The resource person explained about the modern building planning and design, including Building Information Modeling (BIM), virtual reality, 3D printing, and computational design. In the afternoon session she explained about tools and platforms that facilitate communication and coordination among architects, engineers, contractors, and other stakeholders in the design and construction process.</p> <p>The session was ended with a vote of thanks by Program coordinator Mrs. R. Padmarani, Asst. Prof. /Civil.</p>
7	Outcome of this program	<p>Students will be able to</p> <ul style="list-style-type: none">Use the latest technologies and trends in building planning and design.Acquire new skills and competencies related to the use of modern design tools and technologies.Inspire innovative thinking and encourage to explore new possibilities in building design.
