“Awareness program on No Tobacco” – Door to Door Meeting” was conducted on 02nd November 2021 in Thoppukkollai village. YRC volunteer students shared that the tobacco epidemic is one of the biggest public health threats that the world has ever faced and 1.2 million deaths from exposure to second-hand smoke. All forms of tobacco are harmful and there is no safe level of exposure to tobacco. Cigarette smoking is the most common form of tobacco use worldwide. Tobacco use contributes to poverty by diverting household spending from basic needs such as food and shelter to tobacco. The students shared the impact of using tobacco.
