CONFIRMATION LETTER FROM ISRO VIA MAIL

Gmail interface showing an email from no-reply@vssc.gov.in. The email subject is "VSSC Space Museum visit - Confirmation". The email content includes a confirmation message and a box of guidelines for the visit.

Dear Sugapriya G,
Your request to visit space museum has been APPROVED.

Visit ID: 303232
Date of visit : 31-03-2023 9:30 AM
Nos. of Visitors : 141

Guidelines

- Printed entry pass can be obtained either from the Public Relations Office, VSSC near Veil Church or from the security gate at Canal gate, near Stationkadavu at the northern boundary of the VSSC campus. For this purpose the group leader should furnish the details of the assigned request ID along with the registered proof of identify at the above identified points. On verification, the pass will be printed and issued. The pass will be valid only for the date of issue.
- Limited number of vehicles will be allowed up to Space Museum. Group leader should provide the details of the vehicle while seeking entry pass.
- Entry will be allowed only from the Canal gate.
- Mobile phone, camera, CD, USB drive, floppy or other electronic gadgets are strictly prohibited inside the campus.
- A visit to the space museum will take more than an hour. There will be regular film shows on all days. Special shows will be arranged for groups with not less than 40 visitors on request.
- Sounding rockets are generally launched from TERLS on every third Wednesday at 11:45 hours (subject to change for technical reasons) for scientific purposes. Those who wish to witness the launch should be present at space museum before 10:30 hrs.
- VSSC will not be responsible for any accident to the visitors or for any loss/damage to their belongings during their visit to VSSC or to any of its facilities, or while launching rockets.

For any further queries, please contact public Relations : 0471-2564292, 2565649

Regards,
Public Relations Officer, VSSC

Subject: VSSC Space Museum visit - Confirmation
To: <bloomyworld@gmail.com>

Dear Sugapriya G,

Your request to visit space museum has been APPROVED.

Visit ID: 303232

Date of visit :31-03-2023 9:30 AM

Nos. of Visitors :141

Guidelines

- Printed entry pass can be obtained either from the Public Relations Office, VSSC near Veli Church or from the security gate at Canal gate, near Stationkadavu at the northern boundary of the VSSC campus . For this purpose the group leader should furnish the details of the assigned request ID along with the registered proof of identity at the above identified points. On verification, the pass will be printed and issued. The pass will be valid only for the date of issue.
- Limited number of vehicles will be allowed up to Space Museum. Group leader should provide the details of the vehicle while seeking entry pass.
- Entry will be allowed only from the Canal gate.
- Mobile phone, camera, CD, USB drive, floppy or other electronic gadgets are **strictly prohibited** inside the campus.
- A visit to the space museum will take more than an hour. There will be regular film shows on all days. Special shows will be arranged for groups with not less than 40 visitors,on request.
- Sounding rockets are generally launched from TERLS on every third Wednesday at 11:45 hours (subject to change for technical reasons) for scientific purposes. Those who wish to witness the launch should be present at space museum before 10:30 hrs.
- VSSC will not be responsible for any accident to the visitors or for any loss/damage to their belongings during their visit to VSSC or to any of its facilities, or while launching rockets.

For any further queries, please contact public Relations : 0471-2564292, 2565649

REPORT ON INDUSTRIAL VISIT

PLACE OF VISIT : Indian Space Research Organization (ISRO)

DATE : 31st MARCH 2023.

The industrial visit is scheduled for two days (31.03.2023 and 01.04.2023) for ECE (26), EEE (17), CSE(55) and CIVIL(17) departments. 115 students and 10 staffs visited Vikram Sarabhai Space Centre (ISRO), Thiruvananthapuram, Kerala. on 31.03.2023

This visit was mainly focused on to understand the working principles of space stations. They explained about various tools that are used for rocket and space jacket worn by the astronauts and the parts of the rocket were also kept there. The future launching space station was also kept as a model and visited the Space Museum.

15 mins visuals were showed us regarding the working and success of the organization for the past 50 years which was really amazing to know about the organization.

INDUSTRIAL VISIT - SUMMARY REPORT

The industrial visit is scheduled for **one day (29.10.22)**. In ECE (32) and EEE (21) department, we, totally, 53 students and 4 staffs went to industrial visit. That day, we visited Bharath Heavy Electricals Limited, Thirumayam in Pudukkottai. BHEL manufactures pipes and tubes for the boiler, petroleum and chemical industries. The students visited the Power Plant Piping Unit (PPPU) and were introduced to Mr.Deepak, Maintenance Engineer and Mr.Velmurugan, Administrative officer. They explained us about pipe manufacturing process and the machines used in this process.

It was a very good learning experience for all students. This industrial visit gave us an insight of how a manufacturing plant actually works and what all the things have to keep in mind when working practically.

On verification, the pass will be printed and issued. The pass will be valid only for the date of issue.
- Limited number of vehicles will be allowed up to Space Museum. Group leader should provide the details of the vehicle while seeking entry pass.
- Entry will be allowed only from the Canal gate.
- Mobile phone, camera, CD, USB drive, floppy or other electronic gadgets are **strictly prohibited** inside the campus.
- A visit to the space museum will take more than an hour. There will be regular film shows on all days. Special shows will be arranged for groups with not less than 40 visitors, on request.
- Sounding rockets are generally launched from TERLS on every third Wednesday at 11:45 hours (subject to change for technical reasons) for scientific purposes. Those who wish to witness the launch should be present at space museum before 10:30 hrs.
- VSSC will not be responsible for any accident to the visitors or for any loss/damage to their belongings during their visit to VSSC or to any of its facilities, or while launching rockets.

DEPARTMENT OF EEE

INDUSTRIAL VISIT - SUMMARY REPORT

The industrial visit is scheduled for **one day (29.10.22)** for ECE (32) and EEE (21) departments. 53 students and 4 staffs visited Bharath Heavy Electricals Limited, Thirumayam in Pudukkottai. BHEL manufactures pipes and tubes for the boiler, petroleum and chemical industries. The students visited the Power Plant Piping Unit (PPPU). Mr. Deepak and Mr. Velmurugan, Maintenance Engineer explained about pipe manufacturing process and the machines used in this process.

It was a very good learning experience for all students. This industrial visit gave us an insight of how a manufacturing plant actually works and what all the things have to keep in mind when working practically.

DEPARTMENT OF SCIENCE AND HUMANITIES

REPORT ON ONE DAY INDUSTRIAL VISIT

PLACE OF VISIT : Central Electrochemical Research Institute (CECRI)

DATE : 4th JULY 2023.

The industrial visit is scheduled for one day on 4th July 2023. For ECE (35), EEE (07), CSE(54) and CIVIL(19) departments. In total 113 students and 5 staffs went to industrial visit to Central Electrochemical Research Institute (CECRI), Karaikudi, Tamil Nadu.

The purpose of the visit was to gain practical insights into various areas of electrochemistry and explore the applications of electrochemical research in industries. We were assembled at the auditorium. We were welcomed and given a brief introduction about CECRI by senior scientist Dr.S.ANGAPPAN. Then the students were split into five groups. Each group had an Assistant Professor and a staff allocated by the Research Centre visited the Corrosion, Batteries, Electroplating, NMR, and XRD sections of CECRI. In the Electroplating section, a scientist Er.K.MAMIMARAN explained the principles and applications of electroplating in automotive, aerospace and electronics.

In the Corrosion section, we learned about the destructive process of corrosion and its prevention techniques. which has been used in Pamban Bridge. An expert shared his knowledge on different types of batteries, including lead-acid, lithium-ion, and sodium-ion batteries and discussed challenges and ongoing research in improving battery performance and developing sustainable energy storage solutions. The NMR Nuclear Magnetic Resonance section provided us with insights into the principles and applications of NMR spectroscopy in chemical analysis. Our visit concluded with the XRD section, where we explored the principles and applications of X-ray diffraction analysis.

This visit had broadened understanding of electrochemistry's applications in various industries and will undoubtedly benefit for future careers in science and engineering.

OUTCOME OF THE VISIT:

- The principles and applications of electrochemistry.
