<b>ORGANISED BY</b>	<b>: Department of Electronics and Communication Engineering</b>

The Department of Electronics and Communication Engineering (ECE) organized a two-day Professional Development Programme (PDP) on "NAAC Accreditation: Procedures and Processes" on June 24 & 25, 2022, at Seminar Hall. The Resource persons were Dr.M.Kannan & Prof.G.Kannan Parisutham Institute of Technology and Science, Thanjavur

The program aimed to familiarize the faculty members with the National Assessment and Accreditation Council (NAAC) accreditation procedures and processes, enabling them to contribute effectively towards achieving institutional excellence.

The PDP commenced with an inaugural session emphasizing the importance of NAAC accreditation for institutional growth and the enhancement of academic quality. The first session provided an overview of NAAC, its significance in the higher education landscape, and the benefits of accreditation. Participants gained insights into the assessment criteria, grading system, and key elements of the NAAC process. The experts delivered a comprehensive presentation on the seven criteria for assessment, covering areas such as curriculum design, teaching-learning methods, research, and infrastructure. The session also highlighted the key indicators used to evaluate each criterion.

The second day began with an interactive session on preparing the Self-Study Report (SSR), a crucial document for the accreditation process. Faculty members learned about data collection, organization, and presentation of evidence to demonstrate institutional strengths and improvements.

In this session, experienced faculty members who had previously been involved in NAAC accreditation shared their insights and best practices. They discussed strategies for quality enhancement, documentation, and aligning institutional goals with NAAC criteria.

The PDP concluded with a closing ceremony featuring an address by the program coordinator. It is expected that the insights gained from this PDP will contribute to the department's and the institution's continuous pursuit of academic excellence through NAAC accreditation.
