NO. OF BENEFICIARIES: 47

“Door to Door meeting about toilet usage” was organized by our college in association with YRC on 30th November 2018 at Vaandakkotai village. Our Students shared the importance of using toilet to the public. Adequate sanitation and toilets are one of the basic needs that ensure and promote the health of people. The proper sanitation and toilet helps us to reduce the spread of diseases. Ensuring the proper cleaning of the toilets is very important as it directly impacts our health. Poor Toilet hygiene leads to various harmful diseases that quickly spread across through surface contact.

EXPLANATION

This Appreciation letter is awarded to YRC unit of Sri Bharathi Engineering College for Women issued from Vaandakkottai village president for the successful conduct of an awareness program on "Door to Door meeting about toilet usage" organized on 30-11-2018. The Volunteers of YRC unit of our institution shared valuable information among the village resident people about the need of toilet facilities in their home.

Which will be highly helpful to improve the sanitation practice and leads to healthier living environment of the village people.

Awareness Campaign on “Reduction on one Time Use Plastic” was organized by our college in association with NSS on 18th August 2018 in Avudaiyarpatti Village. Our students shared the difficulties and hazards about the reuse of one time plastics in our day to day life to the village people. As the human population increases demand for plastic products also increases which results in environmental contamination. 30 NSS Volunteers actively participated in the programme.

An Awareness program on “Save Water –Save Nation” in association with Red Ribbon Club was conducted on 05th March 2020, Thursday in Vennavalkudi village. Our students shared how water can be saved. The main aim of this program is to ensure that water is the most important and valuable natural resource on Earth and it sustains all life. Water is not only important for human beings but for the entire ecosystem. Without enough water, the existence of humans, as well as animals, is next to impossible. After fresh air, water is the second most important natural resource for the survival of any living being. About 25 RRC Volunteers and Faculty members were participated
